**Toronto, ON, March 3, 2021** – Heritage Cannabis Holdings Corp. (CSE: CANN) (OTCQX: HERTF) (“Heritage” or the “Company”), is pleased to announce that it has received the first order from the Nova Scotia Liquor Corporation (“NSLC”) to sell its RAD branded products in the province. RAD is Heritage’s value brand dedicated to providing cannabis consumers with the most affordable products while still maintaining the highest quality standard possible.

With these orders, Heritage now has two brands available in Nova Scotia, as the Premium 5 brand is already available at the NSLC. Beginning in March, customers in Nova Scotia will be able to purchase RAD Vapes, RAD Shatter, and RAD Crumble, as well as continue to access Premium 5 Diamonds.

Heritage’s President of the Recreational Division David Schwede said, “We are very pleased to see our RAD brand accessible to cannabis consumers in the Nova Scotia market as we continue to focus on expanding our product and brand availability across Canada. Similar to the popularity of our other products - many of which sell out quite quickly once available – we expect Nova Scotians to have a positive reaction to these high-quality, favourably priced products. We will be bringing additional innovative products to this market and others in the coming months.”
